CITY OF CEDARBURG

MEETING DATE: April 18, 2023

ITEM NO: 10.B.

TITLE: Discussion and possible action on Sustainability plan required for County Funding of Firefighter/Paramedic positions

ISSUE SUMMARY: The fire department, with approval from the Common Council, has applied for grant funding through Ozaukee County to fund two Firefighter/Paramedic positions to be hired in 2023, for up to three years. As a requirement to receive this funding, a sustainability plan showing how the municipality will sustain these positions after the three-year period is due to the County by May 1, 2023.

STAFF RECOMMENDATION: We are proposing the following be included as the sustainability plan to be sent to the Ozaukee County Public Safety Committee or Ozaukee County Board.

The primary component of our sustainability plan is to conduct a local referendum, likely in the Spring of 2024 in both the City and Town of Cedarburg, for the citizens to approve an increase in tax levy support for Fire and EMS staffing. If the referendum is successful, this will allow us to fund these two FF/PM positions, in addition to others, beyond the funding provided through the County Grant. If the referendum is not successful, all current positions will be sustained through existing means, and any future hires will be delayed until further research can be done on other sources of funding such as a FEMA Staffing for Adequate Fire and Emergency Response (SAFER) Grant and other sources of tax revenue and/or fees as allowed by State and County governments.

BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:

BUDGETARY IMPACT: If the referendum is successful, it will allow for the increase of tax funding beyond the levy limits to support additional staffing for the Fire Department. If the referendum is unsuccessful, the positions funded by the County Grant will need to be sustained by existing means until further sources of funding can be allocated.

ITEM NO: 10.D.

TITLE: Discussion and possible action on designation of City's Official Newspaper for ensuing year

ISSUE SUMMARY: According to Wis. Stat. 985.06(2), cities are required to designate newspapers for the publication of Council proceedings and other city legal notices. Such newspapers must be published in the City, although a fourth-class city in which there is no eligible paper published may designate a newspaper published in the county and having a general circulation in the city. Currently, Cedarburg is a fourth-class city.

No other newspapers have expressed an interest in becoming the City's Official Newspaper.

STAFF RECOMMENDATION: Designate the *News Graphic* as the City's Official Newspaper. This is the same newspaper as designated last year.

BOARD, COMMISSION OR COMMITTEE RECOMMENDATION: N/A

BUDGETARY IMPACT: The cost of publications in 2022 was approximately \$6,000.

TITLE: Discussion and possible action to authorize a one-time fee for Amplified Music/Sound for a single event for the Peter Wollner Post No. 288 of the American Legion

ISSUE SUMMARY: The American Legion is planning to hold the annual Auxiliary Car Show on June 10, 2023 from 7:00 a.m. – 5:00 p.m. This year, they would like to add outdoor amplified music to the event. The Legion currently holds an Outdoor Alcohol Beverage Permit which is a prerequisite for a music permit. The City's current charge for an Amplified Music permit is \$250.00, which allows for several events to take place throughout the summer months. The Legion is requesting a discounted price on the permit since the car show is the only event they are requesting to have outdoor music at.

Sec. 7-2-17 Outdoor alcohol beverage licenses required for outdoor consumption at Class "B" premises.

- (a) *Required for outdoor consumption.* No licensee shall permit the consumption of alcohol beverages on any part of the licensed premises not enclosed within the building, except under license granted by the common council. The licenses are a privilege in which no rights vest and, therefore, may be revoked by the Common Council at its pleasure at any time. No person shall consume or have in his or her possession alcohol beverages on any unenclosed part of the licensed premises which is not described in a valid outdoor alcohol beverage license.
- (b) *Limitations on issuance of outdoor alcohol beverage license.* In making their determination on whether or not to approve an outdoor alcohol beverage license, the common council shall, on a case-by-case basis, take into consideration the size of the outdoor seating area and its location with respect to adjacent residential uses. Each applicant for an outdoor alcohol beverage license shall accurately describe the outdoor seating area and shall indicate the nature of fencing or other measures intended to provide control over the operation of the outdoor seating area. The plan commission shall review all proposed outdoor alcohol beverage licenses to determine if they are harmful, offensive or otherwise adverse to the surrounding neighborhood and shall recommend that the license be granted as requested, modified or denied. If the premises is within the Historic District, the plan commission shall take into consideration the recommendation of the landmarks commission. The building inspector shall verify that criteria established the plan commission and the landmarks commission are met prior to issuance of an outdoor alcohol beverage license. No amplified sound or music is permitted outside the enclosed (building) premises. Amplified sound or music is not permitted in the outdoor seating area, subject to subsection (e) herein. There shall be a licensed operator with the outdoor seating area at all times while in operation. There shall be a \$50.00 fee for an outdoor alcohol beverage license.
- (c) *Adjoining property owners to be notified of pendency of applications.* All property owners within 150 feet of the outdoor seating area shall be notified by first class mail of the pendency of application for an outdoor alcohol beverage permit with or without amplified music by the city clerk's office.
- (d) *State statutes enforced within outdoor seating area.* Every licensee under this section shall comply with and enforce all provisions of Wis. Stats. ch. 125, applicable to Class "B" licensed premises, except insofar as such provisions are clearly inapplicable. Violation of the provisions of Wis. Stats. ch. 125, shall be grounds for immediate revocation of the outdoor alcoholic beverage license by the common council.
- (e) *Outdoor amplified sound or music permit.* As an exception to the amplified sound and music prohibition of subsection (b) herein, outdoor alcohol beverage license holders may apply for a permit allowing outdoor amplified sound and music subject to the following limitations:
 - (1) Amplified sound or music may only be generated in the outdoor seating area for which the outdoor alcohol beverage license was issued.
 - (2) Any amplified music or sound exceeding 80 decibels requires a permit under this subsection.
 - (3) An annual permit fee of \$250.00 shall be required prior to issuance of any outdoor amplified sound or music permit.
 - (4) Amplified music or sound shall not exceed 90 decibels, regardless of whether a permit has been issued. Exceptions to this are events held at Cedar Creek Park Bandshell which shall not exceed 110 decibels.
 - (5) Pedal tavern music shall be played at 65 decibels or less.
 - (6) Methods of measuring decibels.
 - a. Equipment. Decibel measurement shall be made with a decibel meter.

-
- b. Location of measurement. Decibel measurement shall be made at the nearest lot line of the premises from which a noise complaint is received. The noise meter shall be placed at a height of at least three (3) feet above the ground and at least three (3) feet away from walls, barriers, obstructions, and all other sound reflective surfaces.
 - c. The equipment necessary to measure sound shall reside within the City of Cedarburg Police Department and must be calibrated every nine months.
 - d. A police officer, or other designated enforcement official of the city, may, if he or she has reasonable suspicion to believe a violation of this ordinance, is or has been committed, request the volume to be lowered or issue a citation. Permit will be revoked upon receiving three citations.
 - e. A noise that exceeds the decibel rating allowed must exceed the decibels permitted for more than five seconds within a one minute period to be in violation of this ordinance.
- (7) Amplified music exceeding 80 decibels shall not be allowed during Summer Sounds dates.
 - (8) Each organization or business is allowed a maximum of three days per week for amplified music or sound, limited to four hours per day. This excludes acoustic, mic only, tv sound bar, or one speaker amplification that is under 80 decibels.
 - (9) Amplified sound and music shall be allowed between the hours of 11:00 a.m. and 9:00 p.m.
 - (10) On Friday and Saturday nights amplified music shall be allowed until 10:00 p.m. from Memorial Day until Labor Day.
 - (11) All other restrictions and limitations of section 7-2-17 remain in full force and effect.

Whereas, In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and

Whereas, this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and

Whereas, Arbor Day is now observed throughout the nation and the world, and
