

## *In Honor of a relative, friend, or member of an organization*

A tree may be placed in the park of your choice in honor of a relative, friend, or member of an organization for any reason.

The City of Cedarburg will plant and care for your tree and replace it if it should become damaged or if a tree becomes diseased.

## *Trees do make a difference*

Trees create green spaces in the community. They make a community more attractive, a building more inviting. They play an important part in shaping our attitudes and state of mind. Much of the charm that impresses our visitors depends upon our beautiful trees.

Trees provide benefits beyond beauty, such as moderating the effects of heat, sound, air pollution, excess storm run off and soil erosion. They provide living space for wildlife.

More and more property owners and business proprietors now realize that beautifying our community is both a civic responsibility and good business.

**“Someone’s sitting in the shade today because someone planted a tree a long time ago” - Les Brown.**

## *Legacy Tree Program*

# About the Program

**The Legacy Tree Program honors a relative, friend or member of an organization.**

Through the Legacy Tree Program you can provide a unique dedication to honor a friend, relative, or member of an organization by placing a tree, bench, or table in one of Cedarburg's parks, City trails, or historic business district. This dedication provides a lasting remembrance and enhances the meaning of a bench or tree to observers. The gift is also a valuable contribution to the City to be used and enjoyed by all.

This gift can be used as a remembrance of a loved one, gift of gratitude or to commemorate a special day or event such as a birthday or anniversary.

*This program was initiated in 2008 in memory of Judy Cherveney. The program celebrates her love of Cedarburg and her spirit of commitment to the community.*

*The City of Cedarburg is responsible for the installation and maintenance of your gift.*

## TREE:

The trees are 2 to 2 1/2 inches in diameter, balled and burlapped. Examples of trees that grow well in our climate include linden, maple, elm, or oak. Other varieties can be discussed with the City Forester.

Cost to donate a tree is \$350.

Trees will be planted in Spring (March—May) or Fall (September—November)

# Order Form

Name of person making donation: \_\_\_\_\_

Address: \_\_\_\_\_

City, State, Zip: \_\_\_\_\_
